## State Leadership and Skills Conference

### Community Service Project

**Special Olympics**  
Indiana

Our Community Service Project for 2025 is going to help 2 organizations. The first project has been started by Area Career Center construction which will be used by Indiana Special Olympics at the state games. It is a torch that they will light during the games. We will complete the project at the state conference by painting the pieces.

The second organization is HVAF, Helping Veterans and Families, who was our community service project 2 years ago. On October 26, 2024, they suffered a devastating fire in one of their apartments that displaced 48 veterans. We reached out to see what we could do to help. We are asking that if our schools can, please consider collecting donations before coming to the state conference. These items can be dropped in the community service project area when you arrive at the West Pavilion. There is a list of items below or you can use the link to purchase items that will be delivered directly to HVAF of Indiana. We will also be packing hygiene bags and snack bags for them during our community service project time on Saturday.
